Subject: FW: AES: conference call

Do you want to participate in this call? If so, we'll coordinate with Carmen to find a time. If Laura is available, would you be willing to make it at 3 pm tomorrow since we already have an AES meeting scheduled for that time?

Hi.

EQB Chair Laura Velez called me few minutes ago and she wishes to have a conference call with EPA to discuss her findings of an inspection she and other EQB officials performed last Friday and to coordinate enforcement efforts to address matters related with the AES facility and the disposal of agremax in surrounding areas.

She would like to talk to us soon and proposes to have a call tomorrow Thursday, June 20, at 2pm. She will be waiting for our confirmation today (either confirming the call for tomorrow at 2pm or at another time that EPA is available). Please call me.

Thanks.

Héctor L. Vélez Cruz, Esq.
